Dear Parents/Guardians,

Winter has hit us hard! We have built-in snow days that we have now used. We want to be prepared differently for any other upcoming winter weather. All four buildings in the district will provide virtual learning opportunities for the students if we have another snow day. At Corning Elementary and Enarson Elementary, we are sending home a packet of activities from your child's teacher. If school is canceled, your child can work on reviewing skills or enrichment activities. Keep this in a safe place in your house until the next snow day arrives. If the packet is lost before the next snow day and you have access to a printer, it can be found on our website, <https://www.southwestvalley.org>, under Corning or Enarson Elementary, then click the grade level for the packet. We have provided 3 days worth of activities. Each day is separated into Day 1, Day 2, Day 3. When your child finishes the packet and school resumes, please return it to school.

Thanks for understanding that Mother Nature has a mind of her own.

Sincerely,

Allison Thomas

How a Gray Bird Became a Cardinal

DIRECTIONS

Read the story, and complete the activity on page 4.

1 Long ago, birds had brightly colored feathers. They had feathers as green as grass, as orange as sunsets, as blue as sky, and as white as snow. The birds had lovely names too, like *Goldfinch*, *Blue Jay*, and *Kingfisher*. One bird was different, though. His feathers were dull gray, and he was simply called *Gray Bird*.

2 Gray Bird was **embarrassed** about his feathers. So every day he sat alone and watched the other animals play below his tree. They asked him to join them, but Gray Bird wouldn't.

embarrassed: shy, uncomfortable, upset

3 One day, Gray Bird saw Raccoon racing near a stream. Wolf was chasing Raccoon! But Wolf looked tired. His tongue was hanging out, he **stumbled** once or twice, and he began to slow down.

stumbled: tripped or almost fell when walking or running

4 Soon Wolf gave up completely and went to sleep next to the stream. While Wolf slept, Raccoon crept up and covered Wolf's eyes with mud. Then he walked away, laughing. Gray Bird laughed, too. When Wolf awoke, he tried to open his eyes but couldn't. He rubbed his right eye first and then his left eye. But the mud had dried, and he couldn't get it off.

5 After a while, Gray Bird began to feel sorry for Wolf. He knew Wolf wouldn't like it if he couldn't open his eyes, so Gray Bird **pecked** the mud off of Wolf's eyes.

pecked: hit with a bird's beak

6 When Wolf opened his eyes, he stared at Gray Bird and said, rudely "Oh, my! Your feathers are so dull." When Gray Bird hung his head in shame, Wolf said, "Now it's my turn to help you!"

7 Wolf pointed to a rock with streaks of red in it. He told Gray Bird to peck at the red rock and use the color to paint his feathers. First, Gray Bird painted the feathers on his chest. Then, he painted his wings. Last, he painted his head. Gray Bird was as red as a cherry now! His feathers were so bright the other birds decided to give him a new name—Cardinal.

What Makes a Better Pet, Cats or Dogs?

Highlight or underline the facts in the paragraphs below.

Without a doubt, cats make much better pets than dogs. We all know that cats are adorable and lovable animals. Cats groom, clean themselves, and do not emit any type of smell. This could save you significant amounts of money on the cost of pet grooming fees. Cats are much funnier than dogs too! If you've ever seen a cat chase the light on a laser pointer, you know what I'm talking about! Unlike dogs, cats do not need to be taken on a walk to use the restroom. Indoor cats are trained to use a litter box inside a house.

We all know that dogs make much better pets than cats. It's easy to see that dogs are the friendliest and sweetest of all animals. Many dogs are protective by nature, which means they're born with a desire to protect. They could protect your house while you are away. Dogs are much more loving than cats too! Every time you walk in a room a dog runs to greet you like you've been away for years! Unlike cats, dogs are taken on walks to use the restroom, rather than using a litter box. This encourages a healthier lifestyle for the pet owners.

Write an opinion stating why cats/dogs make the best pets.

What You'll Need

ADVENTURE BACKPACK

* Today I will learn about **LINE** and **SHAPE** so that **I CAN** draw an adventure backpack with things inside.

* **NCAS: CREATING** Anchor Standard #1: Generate and conceptualize artistic ideas and work.

1. Give each student a piece of **white paper** and pass out **pencils, markers** and **crayons**.
 2. Turn the paper horizontal and then fold it in half. For a single-layer version, use one 9" x 12" piece of white paper and work front and back.
 3. Either draw an example of the backpack on the board with students following along or play the draw along video.
 4. Students can use a **pencil** to draw and then trace over the lines with a **black marker** later or use the black marker to begin with.
 5. Draw a backpack with the students using the "**Adventure Backpack Drawing Guide**" on the next page.
 6. With the paper still folded, cut along the top outline to create a more realistic backpack shape.
 7. Once the backpack is cut out, add additional details to the front of the backpack and objects "inside" by using the "**Adventure Backpack Handout**" as inspiration.
 8. Students can use combination of **crayons** and **markers** to add color. Crayons work great for filling in large areas with color quickly.
 9. Provide instructions for art (*take home, portfolio, etc.*) as outlined on the line below:
-

WHAT YOU'LL NEED:

- 12" x 18" or 9" x 12" white sulphite paper
- Pencils, markers and crayons
- Black permanent marker (optional)
- Scissors (optional)
- Backpack Drawing Guide
- Adventure Backpack Handout

1

Fold a 12" x 18" piece of white sulphite paper in half like a book. Draw a long curved line from one side to the other near the top.

2

Round the bottom corners and draw two straps and a loop at the top. The straps should touch the top edge of the paper.

3

Draw a top pocket with a straight horizontal line and series of short lines to show a zipper.

4

Use lines to add a section of bungees in the middle of the backpack.

5

Draw a bottom pocket with a rounded lower half of a rectangle and a zipper line.

6

Add additional details like a badge or pin. Use scissors to cut along the outline with the paper still folded to create the interactive backpack shape.

Beary Scared

DIRECTIONS

As you read, underline words that people say. Use a star to mark important ideas in the story. Put a star* next to the name of the character who says each thing. Then, complete the activity on page 2.

hiking: to take a long walk through a forest or mountains

scrambled: to move by climbing or crawling

terrified: to be very afraid

- 1 Jamal and David were **hiking** together. They climbed up a hill and crossed a stream. Then, they followed a path into the woods.
- 2 In the woods, they heard a noise. It sounded like a large animal stepping on the dry leaves. "It could be a bear," Jamal whimpered. "We have to get out of here!"
- 3 "We don't have time," David said. "Let's climb a tree."
- 4 "That's a good idea!" said Jamal. The friends ran deeper into the woods. First, they came to a tree that was too short. It wouldn't keep them safe from the bear. Next, they came to a tree that didn't have any branches to climb. Finally, they came to a tree that was tall and had low branches they could climb.
- 5 Jamal quickly **scrambled** up the branches. As he climbed, some of the branches broke below him.
- 6 Suddenly, the bushes next to the tree shook. A huge brown bear stepped onto the path. It growled loudly.
- 7 David tried to climb the tree, but he couldn't. Jamal had broken the branches. David asked Jamal for help. But Jamal was **terrified**. He was worried the bear would hurt him.
- 8 David got ready for the worst. He threw himself on the ground and waited.
- 9 Something very surprising happened! First, the bear sniffed David's head. Then, it licked his ear. Finally, the bear wandered away.
- 10 When Jamal was sure the bear was gone, he climbed down the tree. He said to his friend, "It looked like that bear whispered something in your ear."
- 11 "The bear did tell me something. He told me to choose a better friend to hike with," David said as he walked away.
